Celebrating Over 30 Years of Service

Greetings Friends!

Happy Holidays from Positive Attitude Youth Center! This past year, we celebrated over 31 years of serving children and families in the city of Burlington in Alamance County. We are looking forward to 2026 with a renewed hope and vision for continuing to make a positive impact in our community. We are forever grateful to all of our supporters who have so generously donated, volunteered and prayed for the success of our many programs such as:

- After School Program
- Positive Daycare
- Summer Camp/Recreation Program
- Positive Day School Academy
- **New Program** School of Music In Z Major

On average, Positive Attitude Youth Center serves over 110 children each day. The mission of PAYC in serving these children and their families is to enhance academic skills, promote health education, create a safe environment, teach life skills, and foster positive community relationships. Through these programs we have seen an increase in student's grades and positive behaviors as well as actively making better choices for their life.
